WHEREAS, the Village of Estero Council is the governing body in and for the incorporated area comprising the Village of Estero; and

WHEREAS, the Village of Estero Council recognizes that false alarms cause a misuse of the resources of the Lee County Sheriff's Office by causing the dispatch of units to the scene of a false alarm that renders these units unavailable to respond to legitimate emergency situations; and

WHEREAS, the Village Council finds that the continued high incidence of false alarms is a threat to the health, safety, and welfare of the Village of Estero.

NOW, THEREFORE, be it ordained by the Village Council of the Village of Estero, Florida:

45 **Section 1. Short Title, Purpose and Territorial Scope.**

46
47 A. This Ordinance will be known and cited as the Village of Estero False Alarm
48 Ordinance.

49
50 B. The provisions of this Ordinance will apply to all the incorporated areas of the
51 Village of Estero, Lee County, Florida.

52
53 **Section 2. Definitions.** The following words, terms, and phrases, when used in this
54 Ordinance shall have the meanings ascribed to them in this section, except where the context
55 clearly indicates a different meaning:

56
57 A. **Alarm Monitoring Company** (monitoring company) means a person or entity
58 performing the service of monitoring as defined in §489.505, Florida Statutes, as may be
59 amended from time to time, and having customers within the territorial jurisdiction of this
60 Ordinance.

61
62 B. **Alarm Operator** means any owner, tenant, or other person or entity that uses or is
63 in control of an alarm system.

64
65 C. **Alarm Review Authority (ARA)** shall mean the Sheriff or his designee(s).

68
69 E. **Alarm System** means any device that emits, transmits, or relays a signal intended
70 to summon, or that would reasonably be expected to summon, law enforcement services to the
71 site of the alarm system. Alarm system does not include:

- 72 1. A device installed on a vehicle, unless the vehicle is permanently located at the
73 site; or
74 2. A device designed to alert only the inhabitants of the device site, and that is not
75 audible or visible from the exterior of the structure; or

77 robbery.

78
79 F. **Alarm System Contractor** means a person licensed under Chapter 489, Florida
80 Statutes, as an electrical or alarm system contractor.

81
82 G. **Automated Dialing Device** means an alarm system which automatically sends, via
83 telephone, a prerecorded voice message or coded signal indicating the existence of an
84 emergency situation.

85
86 H. **Commercial Premises** means any structure or area which is not defined in this
87 section as governmental or residential premises, including but not limited to, religious and not
88 for profit organizations, hotels, motels, and educational institutions.

I. **Deactivated Alarm** means an alarm system that has the primary and secondary power and the telephone line disconnected at the alarm control panel.

J. **False Alarm** means the activation of an alarm system for any reason other than a bonafide incident, such as a burglary or unauthorized entry, and a subsequent response by the Sheriff to that alarm site. A false alarm does not include:

1. An alarm caused by physical damage to the alarm system as a result of lightning, wind, or other meteorological event, where there is clear evidence of physical damage to the alarm system; or
2. An alarm caused by disconnection of a telephone circuit beyond the control of the alarm operator or his agents; or

P. **Verification** means an attempt by the monitoring company, or its representative, to contact the alarm site and/or alarm user by telephone and/or other electronic means, whether or not actual contact with a person is made, to determine whether an alarm signal is valid before requesting law enforcement dispatch, in an attempt to avoid an unnecessary alarm dispatch request. For the purpose of this Ordinance, telephone verification shall require, as a minimum, that a second call be made to a different number if the first attempt fails to reach an alarm user who can properly identify themselves to determine whether an alarm signal is valid before requesting law enforcement dispatch.

Section 3. Alarm Permit and Fee.

A. Every alarm operator shall apply through the Lee County Sheriff's Department for a nontransferable alarm permit. The permit shall be valid for so long as the operator uses or controls the alarm system at the property identified in the alarm permit. In the event the alarm operator sells, relocates from, or in any other way no longer uses or controls the alarm at the property identified in the alarm permit, then the alarm permit shall be deemed to be terminated, invalid and in no further force or effect. The alarm operator shall notify the Lee County

Sheriff's Department with any change that will affect the validity of the alarm permit within fifteen (15) days of the change(s) taking place. If, for any reason, an alarm permit becomes invalid or is revoked then the alarm operator of the alarm system shall be responsible for applying for a new, non-transferable permit.

B. A fee of \$25.00, which may be revised by Resolution adopted by the Village of Estero Council, shall accompany each application or renewal for alarms on residential, commercial or governmental premises.

C. The owner or manager of any residential or commercial premises that are rented to others and which have alarm systems provided by the owner or manager shall:

1. Explain the operation of the alarm system to the alarm operator; and
2. Explain the alarm operator's financial responsibilities for false alarms; and
3. Obtain the alarm operator's signature on a form in which the alarm operator acknowledges having received and understood the information provided in (1) and (2) above; and
4. Furnish a blank alarm permit application to the tenant. The Sheriff shall provide the owner or manager with forms upon request.

D. No permit shall be required for a deactivated alarm system.

E. The alarm operator shall provide the following information:

1. The name, telephone number, and current mailing address to include any forwarding addresses necessary to receive correspondence; and
2. The address of the alarm site; and
3. The classification of the alarm site as residential, commercial, or governmental; and
4. The type of system, such as burglary, robbery, fire, or panic; and
5. The names, addresses and telephone numbers of two persons who have access to the premises, the ability to reset the alarm, and who, upon request of the Sheriff, will respond to the alarm site with thirty (30) minutes of notification; and
6. The name, address, and telephone number of the alarm monitoring company, if any; and
7. The name, address, and telephone number of the installer and date of installation, if known; and
8. The name, address, and telephone number of the alarm system contractor that last performed maintenance on the alarm system, if known; and
9. Any dangerous or special conditions present at the alarm site; and
10. Other information as required by the Sheriff.

F. No permit will be issued when a fine is outstanding, when a reason for a previous revocation has not been corrected, or if the applicant provides false information.

177 G. The alarm operator shall submit interim updated application information within
178 fifteen (15) days of when the on file information has changed. A permit may be revoked if it
179 is found to contain inaccuracies.

180
181 **Section 4. False Alarm Penalties.**
182

183 A. Responsibility for false alarms shall be borne by the permit holder.

184
185 B. The following civil fines shall be required for each false alarm per alarm system
186 within one permit year:

- 187 1. First and second false alarms \$25.00 each; however, if the alarm operator has a
- 188 valid alarm permit, then there is no fine for the first false alarm; and
- 189 2. Third and fourth false alarms \$50.00 each; and
- 190 3. Fifth and sixth false alarms \$100.00 each; and
- 191 4. Seventh and eighth false alarms \$200.00 each; and
- 192 5. Ninth and above false alarms \$400.00 each; and
- 193 6. The additional fine for false alarms from a non-permitted alarm system, or from
- 194 an alarm system with a revoked permit is \$200.00. The Sheriff may reduce this
- 195 amount to \$50.00 if the alarm system is permitted within ten days of the false
- 196 alarm.

197
198 C. The Sheriff may offer an alarm awareness class to alarm operators. Alarm operators
199 may attend the class in lieu of paying one fine per permit year.
200

201 **Section 5. Revocation and Reinstatement of Alarm Permit.**
202

203 A. The Sheriff may revoke an alarm permit if it is determined that:

- 204 1. There is a false statement of a material matter in the permit application; or
- 205 2. Ten or more false alarms have been received by the Sheriff from the alarm site
- 206 within a permit year; or
- 207 3. There is a permit that has not been renewed or fines have not been paid at the
- 208 time of renewal.

209
210 B. An alarm operator whose alarm permit has been revoked may be issued a new
211 permit if that alarm operator:

- 212 1. Submits an updated application and pays a \$50.00 permit fee; and
- 213 2. Pays all civil fines issued to the alarm operator under this Ordinance; and

214
215 C. The Sheriff shall notify the alarm monitoring company of a revocation, or
216 reinstatement.

217 D. The alarm monitoring company shall not telephone the Lee County Sheriff's Office
218 if a permit has been revoked, or a \$100.00 fine may be assessed against the alarm monitoring
219 company.
220

221 **Section 6. Appeals of Fines and Revocations.**

222
223 A. An alarm operator may appeal a civil fine or revocation under this Ordinance. The
224 alarm operator shall notify the Sheriff in writing within ten (10) days of receipt of notice of
225 fine or revocation. Proper notification of the Sheriff shall stay the imposition of a fine, or
226 revocation, until adjudication by the Alarm Review Authority.

227
228 B. The Alarm Review Authority (ARA) shall conduct a hearing and consider evidence
229 presented by the alarm operator and by other interested persons. The ARA shall make a
230 decision based on the preponderance of the evidence standard. The decision of the ARA is the
231 final administrative remedy.

232
233 **Section 7. Response to Alarm.** The alarm operator or a responder listed on the alarm
234 permit shall respond to the alarm site within thirty (30) minutes from the time of notification
235 by the Sheriff of the activation of the alarm, whether false or not. The failure to respond, when
236 directed by the Sheriff, may be deemed a violation by the alarm operator and a \$50.00 fine
237 may be assessed by the Sheriff's Office.

238
239 **Section 8. Deactivation of Audible Alarms.** The alarm operator shall deactivate the
240 alarm within fifteen (15) minutes or adjust the alarm to automatically deactivate within fifteen
241 (15) minutes of activation, consistent with §489.530 Florida Statutes, audible alarms.

242
243 **Section 9. Alarm Monitoring Companies.**

244
245 A. All alarm monitoring companies shall register annually with the Sheriff. Failure to
246 register annually with the Sheriff's Office may result in a \$125.00 fine and/or any other
247 administrative action against the alarm monitoring company. Each registration shall be valid
248 for twelve (12) months. The alarm monitoring company shall provide the following
249 information:

- 250 1. The name, telephone number, and current mailing address to include any
251 forwarding addresses necessary to receive correspondence; and
252 2. Names, street addresses, and telephone numbers of all alarm operators
253 contracted with, within the territorial jurisdiction of this Ordinance; and
254 3. The procedure used to verify the legitimacy of an alarm prior to notification of
255 the Sheriff; and
256 4. Name, street address, and telephone number of the qualifying agent.

257
258 B. Upon registration, the monitoring company shall be provided with a telephone
259 number for alarm reporting.

260
261 C. Monitoring companies shall maintain, for a period of at least one (1) year, records
262 relating to alarm notification and shall provide such records to the Sheriff within three (3)
263 business days. Failure to maintain such records may result in a \$125.00 fine.

D. Monitoring companies shall ensure that their databases of contracted alarm operators reflect current, accurate names, street addresses, telephone numbers, and operational status. If an alarm systems contractor provides notice of disconnection to a monitoring company, the monitoring company shall modify its database within five (5) calendar days. The monitoring company may be fined \$125.00 if the Sheriff is telephoned after a disconnection notice is received.

Section 10. Alarm Verification Calls Required. All burglary or intrusion alarm systems that have a central monitoring shall have central monitoring verification calls made to the alarm site, prior to alarm monitoring personnel contacting a law enforcement agency for alarm dispatch as per the Verification Standard, Exhibit A of this document, §489.529, Florida Statutes, alarm verification. However, if the alarm has properly operating visual or auditory sensors that enable the monitoring to verify the alarm signal, verification calling is not required. Failure by the alarm system contractor or alarm monitoring company to make the verification calls may result in a \$125.00 fine.

Section 11. Alarm System Contractors.

A. All alarm system contractors shall register annually with the Sheriff. Failure to register annually with the Sheriff may result in a \$125.00 fine and/or any other administrative action against the alarm system contractor. Each registration shall be valid for twelve (12) months. The alarm systems contractors shall provide the following information:

1. The name, telephone number, and current mailing address to include any forwarding addresses necessary to receive correspondence; and
2. Names, street addresses, and telephone numbers of all alarm operators contracted with, within the territorial jurisdiction of this Ordinance; and
3. Name, street address, and telephone number of the qualifying agent.

F. Alarm system contractors shall not cause a false alarm during the servicing, repairing, testing, or inspection of an alarm system, or a fine of \$125.00 may be assessed. The alarm operator shall not be charged with such false alarms.

G. Alarm system contractors shall complete the application, collect the registration fees, and forward the application to the Sheriff's Office, whenever installing, maintaining, repairing, altering, or servicing an alarm system, unless the alarm system contractor reasonably believes that the system is permitted. Failure of the alarm system contractor to provide the application and registration fees to the Sheriff's Office may result in a fine of \$125.00.

Section 12. Automatic Dialing Devices Prohibited. The alarm operator shall not operate an alarm system equipped with an automatic dialing device programmed to connect directly to the Sheriff, or a fine of \$125.00 may be assessed.

Section 15. No Public Duty. The permitting of an alarm system is not intended to, nor will it create a contract, duty or obligation, either expressed or implied, of response. Any and all liability and consequential damage resulting from the failure to respond to a notification is hereby disclaimed and governmental immunity as provided by law is retained. By registering the alarm system, the alarm operator acknowledges that law enforcement response may be based on factors such as: availability of law enforcement units, priority calls, weather conditions, traffic conditions, emergency conditions, and staffing levels.

A. The Sheriff shall be responsible for the administration and enforcement of this Ordinance.

B. The Sheriff has the authority to compromise assessments of civil fines.

C. The Sheriff may use any legal means to collect unpaid fees or civil fines.

If any provision of this Ordinance shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any remaining provisions of the Ordinance.
